

Program Considerations with State-Wide Elected Officials or Candidates

Any local League considering communicating with a state-wide elected official or candidate to attend a local fundraiser, speak at a forum or take other actions that have not been requested by the LWVUS or the LWVIL is required to receive written approval from the LWVIL board. Consultation is needed to ensure that:

- The state board and staff are informed about all communications to candidates or elected officials.
- There is no conflict with LWV or LWVIL communications and invitations extended to elected officials.
- The League speaks with one voice.
