

Action Issues

The League takes action on a broad range of public policy issues. League members choose which issues will be targeted for study and action — thus we are a true grassroots organization. Agreements on positions are reached after a thorough study process.

Check League websites to read more about these issues, and to find links to local League websites.

Our Mission

The League of Women Voters, a nonpartisan political organization,

- *encourages informed and active participation in government,*
- *works to increase understanding of major public policy issues, and*
- *influences public policy through education and advocacy.*

Who We Are

The leaders of the women's suffrage movement, to educate newly enfranchised women, founded the League of Women Voters in Chicago in 1920. The League has earned its reputation as a highly respected citizens' organization that researches issues, educates the public and decision-makers, and works for reform. We are comprised of women and men who want to make a difference in our communities, our country, and the larger world.

The League –

- Is nonpartisan. We do not support or oppose candidates at any level.
- Supports issues and legislation, after comprehensive study and consensus.
- Mobilizes persons to vote and to have a say in the complex decisions that affect us all.

Membership is open to all citizens of voting age. Associate membership is available to young persons and non-citizens.
